

Focused Approach to Regional Anaesthesia (e-FARA)

REGISTRATION STEPS

- **Register for GAS membership at**

<https://www.medusys.in>

- **REGISTRATION**

- New Members can register with a payment of Rs 3000 and will receive GAMER ID for One year GAS membership.

- **LOGIN DETAILS**

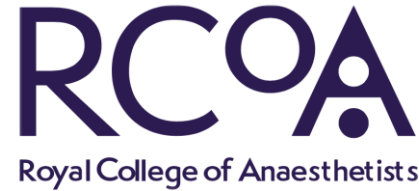

- Login Details with your GAMER ID, username and Password will be sent to your email upon payment confirmation.
- Click on 'MeLS CME' section and enter 'Conferences and Workshop' .

- **PARTICIPATION, FEEDBACK & CERTIFICATE**

- Register to Conference / Workshop
- Attend the Conference / Workshop
- Complete the Feedback
- Download your Certificate

Contact Details for any Registration Issues:

+91 9686200393, +61 424357122

Advantages of Annual GAS Membership:

- "Focussed Approach to RA and PURE" workshop is accredited by Royal College of Anaesthetists, UK for 10 CPD Points
- Access to several workshops, symposiums and conferences with CPD points from Royal College of Anaesthetists for one year at no or discounted price.
- Access to education material like eBooks, Block Videos, Treatment Algorithms and others in MeLS section
- Access to Clinical Database section in CNB, Labour and Obstetrics Anaesthesia with reports and graphs

Conferences & Workshops

e-Conference section of Medusys e-Learning System (MeLS) is essentially a very helpful platform designed to manage and collaborate online learning in the field of medicine.

It is an all-in-one platform, where you can attend, organize instructor led training sessions, have discussion forums, and get certifications.

Upcoming / Current Conferences

Focused Approach to Regional Anaesthesia (e-FARA)

October 29, 2022 To October 30, 2022

Prakriya Ultrasound and Regional Anaesthesia Education (PURE)

November 19, 2022 To November 20, 2022

Title

Focused Approach to Regional Anaesthesia (e-FARA)

Date

October 29, 2022 To October 30, 2022

Theme

Focused Approach to Regional Anaesthesia

Introduction

The role of Ultrasonography and Regional Anaesthesia has been expanding exponentially in everyday anaesthesia practice. Both the above subjects significantly improve the safety and quality of the perioperative care provided by anaesthesiologist. In-depth knowledge and exposure to both of the above is essential for every trainee aspiring to be a safe and competent anaesthesiologist.

Organizer's Message:

Prakriya Hospitals and GAS are pleased to offer e-FARA, an online didactic theory session (common to both the upcoming TACON 2022 and PURE 2022) for trainees on Regional Anaesthesia and Ultrasonography in Anaesthesia and ICU. Attendees will obtain better understanding of selecting blocks effectively for various procedures to improve safety and quality. 10 CPD points from Royal College of Anaesthetists are approved for all attendees. Certificates can be downloaded upon completion of feedback.
